APPLICATION FOR DRIVEWAY APPROACH PERMIT

Date: _____

Job Address:

Property Owner(s)	
Property Owner's Phone No	
Contractor Name and Company	
Contractor's Phone No	

Existing Driveway Approach: Width: _____ ft. _____ in.

Proposed Driveway Approach: Width: _____ ft. _____ in.

*It is understood and agreed that the new driveway approach will be constructed in accordance with the **ATTACHED PLANS** and specifications and that the existing grades will not be changed. Design standards are in accord with the currently adopted North Central Texas Council of Governments – Public Works Construction Design Standards.*

Concrete shall be a minimum of six (6) inches thick and asphalt shall be a minimum of two (2) inches thick on a six (6) inch crushed stone base. Concrete shall be a six-bag air-entrained mixture. Wire mesh shall not be placed in the driveway approach. It is further understood and agreed that if the street curb is replaced, contractor will install new curbing to match the existing street curb flange and flow line elevations. All damaged road pavement shall be restored to its original condition.
